

ANTI-GAGE FORCES FAR IN THE LEAD.

They Have Three-fourths of the Delegates Already Lined Up for the State Convention.

THE complexion of 22 county delegations in the Republican State Convention has already been decided.

Of the 204 delegates from these 22 counties where the battle has been fought out, 124 are for Flint, 37 are anti-Gage and 43 for Gage. These are the returns to the Flint headquarters up to date.

By counties, the figures given out last evening by the Flint managers are as follows:

County	Flint	Anti-Gage	Pro-Gage
Colusa	3		
Glenn	2		
Humboldt		20	
Kern		8	
Kings	4		
Madera	4		
Marin		8	
Mendocino	11

Monterey	10		
Napa	10

Riverside	9		
San Benito	4		
San Bernardino	15		
San Diego	19		
San Joaquin	18		
Santa Barbara	3		
Stanislaus	5		
Tulare	9		
Ventura	9		
Totals	124	37	43

To the pro-Gage vote, however, the Flint managers tie a string. It is not expected by them that Humboldt will send a solid delegation for Gage, and all of Kern's votes may not go into the machine. There is also the possibility that San Diego's big anti-Gage delegation will vote for Flint and be joined by Marin, Santa Barbara and Tulare, which would give Flint a plurality in the counties enumerated of 119 votes.

SOME of the best-informed and shrewdest politicians in the southern part of this State give it as their opinion that Henry T. Gage will not go before the Republican State convention for renomination as Governor, and since the local caucuses of Saturday night the anti-Gage forces have been enveloped in a gloom they could not dispel. The Flint forces are correspondingly elated, particularly since returns from all over the State indicate an overwhelming anti-Gage sentiment and a growing incredulity of the possibility of Gage going into the convention with 350 votes.

Senator R. N. Bulla was seen at the Flint headquarters yesterday afternoon just as he had finished canvassing his returns from the city and State, and he was in very happy mood, expressing himself as more than pleased with the outlook for the success of his candidate. The Senator said:

"Yes, sir, I am more than delighted with our prospects. I am more than ever of the opinion the coming convention will be for Flint, and the Gage cannot go into the fight with more than 350 votes, if he gets so many, and if he has to enter the fight with nearly a hundred votes less, he is unable to see where further support could come from for him."

"South of Tehama delegates so far named are almost a unit for Flint, and there is a unanimity in anti-Gage sentiment that has surprised even us. The figures on what has so far been done more than bear out our estimates, which have been uniformly conservative."

"San Diego, without hesitation, has instructed its delegation of nineteen against Gage. Riverside will give Flint six, and possibly eight, while San Bernardino will send one Gage delegate to fifteen that will go to Flint. Ventura will have no vote against Gage, one doubtful and eight for Flint. This is a total, outside of Los Angeles and Orange counties, of fifty-nine for Flint and against Gage, but they are seven for the latter candidate."

"In Los Angeles county the contest will be closer, but we are firm in our belief that Flint will get at least sixty out of the ninety-six votes from this county. There is good indication of this in the various precinct caucuses Saturday night, where the fight was openly and squarely on the anti-Gage basis."

"A close canvass of one of the Los Angeles county Assembly districts today showed a little more than five to one against Gage, and we consider Assembly districts Seventy, Seventy-one, Seventy-two and Seventy-three safe for Flint. The Gage faction is not certain of districts Seventy-four and Seventy-five, and I fail to see where their claim of 85 per cent. over the Los Angeles county delegation is going to be made good. Our claim of sixty will stand good."

"Returns from the northern part of the State are most reassuring. The Gage forces are claiming a solid delegation from Sacramento, but they will not have them. There will not be over 100 of the San Francisco delegation for Gage. If Gage got every vote from San Francisco and Los Angeles he could not be nominated; but we do not modify our claims for Los Angeles, and we will have fifty Flint men at least from San Francisco."

"These figures are the best I can see for Gage. Supporting he had the entire San Francisco and Los Angeles delegations, but he will not have them. There could be added eight from Kern, five from Kings, six from Riverside, one from Santa Barbara, one from San Bernardino, twenty from Humboldt, and twenty from Sacramento, and, giving him all of these he would have to go into the convention with but a bare inside 100 votes of the nomination and he cannot rally additional support."

"I am advised that districts Twenty-three and four from Stockton will also go to Flint. Each new advice only confirms our statement of strength, and unlike the anti-Gage forces, who are relying on what is actually in sight and what has already happened. We are not trusting to future talk, though we might, I think, do so with equal confidence."

HOW CAN HE?

Tom Hughes was doing a little gloating around the Flint headquarters in the Nadeau; there was nothing but Flint on his horizon. He said: "Why, I even doubt if the Governor will go into the convention at all. How can he? He will not be able to do it with a hundred votes of enough to get the nomination."

The north will give Edison about fifty votes at the start, and so will Dr. Pardee's following. At any rate these following will be anti-Gage, both men having stated that they will not in any case deliver their votes to Gage. Gage cannot get over a hundred votes from San Francisco, which he has counted his stronghold, and he will not get over 60 per cent. from Los Angeles.

"The machine's figures got a bad setback at the caucuses last night in this city. Judge McKinley, Luther Brown and Giffen were snowed under in an out-and-out anti-Gage contest in their respective precincts."

"The country is going to line up heavily against Gage, also. The Soldiers Home and Whittier will send Flint men and there are many others that will be heard from. I can't see anything to it but Flint."

Mendocino county was claimed by Gage, but Flint got it, and Flint has nine out of twelve delegates from Nevada county, and the county has always been considered in doubt. Santa Barbara was considered in doubt, but we have eight out of ten votes from it. In San Joaquin Flint was thought to have twelve, but we are now advised there will be eighteen, and it's the same way all over the State."

The Gage headquarters in the Holmbeck closed up before the returns from the caucuses in the city were in, and yesterday afternoon there were three Gage delegates and one anti-Gage delegate, but the Flint men did not look cheerful. They were in a submissive frame of mind, though, and considerably modified the claims they made Saturday of strength in the city.

Last week Gage's headquarters in Los Angeles claimed a solid delegation for Gage in Los Angeles. Yesterday they thought they were sure of 70 per cent.

Tomorrow they will sell out at half price. When asked if he expected to carry Orange county for Gage, one of his campaign managers said he "couldn't say," but they "had hopes." The Flint managers have had no contact with the Orange delegation, which made the doubt of the Gage managers a little curious.

In Whittier, where the officers of the State School are working tooth and nail for Gage, a pretty piece of deception was introduced by the Gage forces. The Gage grafters lifted up untimely howls of "anti-Gage" before the caucuses, but the Flint men were wise in their generation and quietly refused to caucus, and will rely upon beating the machine at the primaries.

There is a Gage ticket and an anti-Gage ticket for each convention in every precinct. Beware of Gage's plan to capture the Assembly districts! See that both pasters are anti-Gage.

"THEY SEE THE HANDWRITING ON THE WALL."

contest comes in the primaries. It is usually the case that the push gets its strength out at the caucuses, while business men are apt to stay away. At the primaries, with the polls open all day the busy men of the city and country will be more apt to turn out. They will be heard from tomorrow.

COUNTY CANDIDATES.

PICKING WINNERS.

Candidates for county offices have been scanning carefully the returns from the Republican caucuses. Although the caucuses settled few things definitely, there are some straws in the returns.

One of the practically settled things is that Walter F. Haas will beat Tom Lewis and Corney Pendleton for the Senate. It is certain that "Jay" W. McKinley will not be the attorney for the Public Administrator. The nomination for Public Administrator will go between E. H. Hutchinson and R. D. List.

Friends of Ben E. Ward claim that he has a clinch on the nomination for County Assessor. Lester Robinson's chances for County Clerk appear to be good. There are strong indications that Will A. White is in the lead for Sheriff.

Byron Oliver's champions assert that the caucuses put him at the front in the race for District Attorney. Prof. Strine is likely to be the nominee for County Superintendent of Schools. Friends of other candidates are also making claims.

Conclusions figured out before the primaries are of little value, however, and then the county convention is to be reckoned with, gentlemen. R. F. Clark, M. D., has announced himself a candidate for the office of County Coroner, subject to the Republican county convention.

GOOD FOR COVINA.

ANTI-GAGE WAVE RISING.

COVINA, Aug. 10.—(To the Editor of the Times.) The result of the caucus in this town was a decided anti-Gage vote. In the Times this morning, shows the election of two anti-Gage men and four supported by the Gage push. At the caucus it was openly stated by the committee men who called the caucus to order that the secretary of the County Committee had written him to the effect that any man who would say, not swear, but simply declare, that he was a voter and intend in good faith to support the Republican ticket, should be elected. He should, and we believe will. He explained that at the primary election on the 12th inst., there would be an opportunity to challenge and require

Many Republicans in the Thirty-fourth District are hoping that a new candidate for the Senate will be announced, neither Holt nor Savage filling the bill.

Democrat working for Gage. There is evidence that Tim Kirby, a Democrat, is working for Gage among the saloon men and bartenders, circulating a paper for them to sign, agreeing to vote for Gage delegates at the primaries.

DESPERATE STRAITS IN SAN FRANCISCO.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, Aug. 10.—[Exclusive Dispatch.] The friends of Gov. Gage in San Francisco are in desperate straits, and some of those who are "close up" frankly acknowledge, when speaking confidentially to their friends, that the Governor is "up against it," so far as this city is concerned, at least. Col. Dan Burns, who has been handling the Gage forces, has practically thrown up his hands, and has quietly dropped out of sight. It is even hinted that he has gone to Mexico. The Gage forces have for weeks been industriously claiming that they would have a solid delegation from San Francisco in the convention, but if they succeed in capturing 50 per cent. of the delegates from this city they will be more than satisfied.

Primary League has been doing a wonderful amount of missionary work in a quiet way for weeks past, and will make a strong showing at the primaries. The officers of the league are busy gathering evidence against "stuffers," and all who try to vote illegally Tuesday will be promptly arrested. It is already evident that this method to defeat the will of the voters, so often tried with success in times past, will be the main reliance of the Gage forces at the primaries, but it is likely that the anti-stuffer will run up against a snag.

Martin Kelly, one of the Governor's most trusted lieutenants in San Francisco, fully realizes that it will be a desperate battle, and that only the most flagrant methods of the ward politicians can serve to save the machine ticket from total annihilation. Martin is a practical politician in every sense of the word, and he does not believe in overlooking a vote that can be had at any price, so the sack was tapped today, and the swarms of heelers south of the slot were there at the tapping.

Kelly started out this morning to make a saloon canvass. All through the South-of-Market street and police districts, Kelly's minions went from one saloon to another buying drinks for the thirsty, and pledging all to vote for the Governor's delegates to the convention. It is whispered that Gage is making an anti-saloon fight in the southern part of the State, but he can have no scruples against the saloons of San Francisco, judging by the way the Gage money was being dumped on the bars this balmy Sunday. There is considerable guessing as to where the Gage sack was obtained, but that is a question that it is not bothering the Kelly following. All they want are the wet goods, and perhaps a few dollars for spending money, and they are getting both.

But with all the whisky and beer they can buy and all the stuffers they can vote, the managers of the Gage campaign will not be able to capture the San Francisco delegation. The Primary League occupies a strong position, and its members are babbling over with confidence of victory at the primaries.

WHITTIER.

WILL AWAIT THE PRIMARY.

WHITTIER, Aug. 10.—At the caucus held Saturday evening, the following were nominated: John C. Hiatt, president; H. Spire, vice-president; C. Johnson, secretary; O. M. Souiden, treasurer. The Whittier Gas, Fuel and Power Company, which was incorporated a week or ten days ago, organized this week as follows: John C. Hiatt, president; H. Spire, vice-president; C. Johnson, secretary; O. M. Souiden, treasurer.

Two Whittier boys won honors at the prize debate under the auspices of the W.C.T.U., at Long Beach last week. The boys are: Case A. Reed, son of L. Reed, won the gold medal, and Charles Johnson, son of Dr. L. D. Johnson, won the third prize.

Frederick K. Week, J. L. Malcho, J. W. Garrison and H. Will Kendrick started last evening for San Francisco, to attend the Pythian convocation. They are attached to the Santa Monica Company, No. 21, U.R.P.K., and have taken with them an amount of literature to advertise their home town among the eastern visitors.

Fred Corry has traded his Rancho property for Long Beach realty and will move to that city.

LONG BEACH.

BAPTISTS GATHER.

LONG BEACH, Aug. 10.—The annual session of the Long Beach Baptist assembly of Southern California opened at the Baptist Church here this morning. The session will continue for seven days. So great was the press at this morning's services that many were unable to gain admission. Rev. J. Herndon Garnett preached. Rev. Charles M. Jones of San Dimas preached this evening on "Human Shrinkage and Divine Enlargement."

During the week there will be exercises daily commencing at 9 a.m. The first hour will be devoted to the children, and later there will be a lecture on a popular topic having some bearing on the enterprises of the denomination. There will be no afternoon exercises so that the people in attendance many of whom are from the various towns of Southern California, will have abundant time for recreation. Concerts, lectures and a banquet are

NEWS REPORTS FROM TIMES CORRESPONDENTS.

STUDYING CONDITIONS FOR ORANGE GROWING.

INVESTIGATION OF "MOTTLED LEAF" AT REDLANDS.

Orchards comparatively free from the disease—Help for the McKinley Memorial Home—County Politics Warming up all Along the Line.

REDLANDS, Aug. 10.—Much interest is being taken in the study of orange crop. At least one phase of the matter has been settled by Prof. A. V. Stebenrauch of the University experimental station, who has spent much time in this locality, making careful investigations regarding what is known as "mottled leaf." Other sections of the State have been experiencing much trouble from this source. But he is somewhat surprised to find but very little of it here, much to the pleasure of the growers. While here he also took occasion to investigate the subject of fertilizers and spent considerable time in examining the work being accomplished along this particular line and he found everything up-to-date in this particular.

FOR MCKINLEY HOME.—The people of Redlands are always ready to aid a good cause as frequently demonstrated. One of the latest moves along this line, is the assistance which is being rendered the McKinley Industrial home and school for worthy poor boys. This institution was formerly located at Artesia, Los Angeles county, but owing to the fact that it was not accessible, a new site has been secured on the Tractor car line, between Los Angeles and San Pedro, ten miles out from the big city. For \$2500 a cottage accommodating twenty boys can be erected. An effort is being made to have this county secure one of the cottages. The W. R. C. and L. T. L. of this city and others, have given sums aggregating \$600. Rev. Frank S. Fordham, the superintendent of the institution, is in Redlands and using his best endeavors to have this county take a prominent part in the big undertaking, and he is succeeding admirably.

TEMPERANCE WORKERS.—Youthful temperance workers are to be found in Redlands, where the Loyalty Temperance Legion continues to grow in midsummer, when almost all other organizations take a rest from their labors. Just recently they had a membership contest whereby the boys and girls are thoroughly trained and taught how to acquire themselves in a creditable manner when they face an audience and are for "God and home and native land."

COUNTY POLITICS.—Not only is the weather inclined to be warm up this way, but the political heat is also beginning to spread. The Republicans have had their bout and are thought to have adjusted matters very satisfactorily from a geographical standpoint, giving an office to each part of the county. Tomorrow evening the untimely Democrats will meet in caucus in the First district to select delegates to the approaching county convention. The primaries will be held Tuesday evening. As this county is safely Republican by about six hundred majority, the only hope they have is in causing a breach in the Republican ranks by the first district quantity is the temperance vote, the Anti-Saloon League constituting the greater part of this class of people. The latter have called a convention which is to be held at Ubrisa Springs, August 22.

Nevada Politics.

LOS ANGELES, Aug. 8.—[To the Editor of The Times.] Within the past few days we have had the expressions of sentiment of two of the most prominent men upon the Pacific Coast, if not in the country, in many respects.

Hon. Frank G. Newlands, in the Newlands of his many nature proffers what might be called, without being censorious, a national Democratic platform. In quick succession comes Hon. William M. Stewart, the veteran Senator and veritable war horse of Nevada, with another pronouncement, which is quite diverse from the utterances of Mr. Newlands, and is also expressive, in a somewhat autocratic manner, of his personal preference for Judge Hawley as a successor to Hon. J. P. Jones, who, after a most honest and faithful service to the Pacific Coast, has a determination to retire from public life and service. He will retire with honor.

The interests of the two States are closely united. It would hardly be a stretch of the truth to say they are identical. They are surely so in many respects. In point of fact California and Nevada are one, and whoever labors for the progression of the one, contributes to the welfare of the other.

Under existing surroundings, it seems unfortunate that the senior Senator should combat so strenuously the aspirations of Mr. Newlands, who, after most efficient service in the lower House, has retired.

Whatever their foibles or eccentricities, if you will call them so, the Pacific Coast, from a non-political point of view, has never been more faithfully and efficiently represented, than by Senators Stewart and Jones of Nevada, and the deeply-lamented and sincerely-honored Stephen M. White and Senator Perkins of California, and Hon. F. G. Newlands, at the national capital.

Most especially are the services of Mr. Newlands entitled to the indorsement of the entire West. His efforts in behalf of irrigation alone have been earnest and effective, and he receives the appreciation of the entire Coast, and his successors are his greatest honor, and furnish his best title to preferment.

But, while Mr. Newlands possesses both the "unquarrelable" and the "unflinching" qualities that make effort always effective, the question does arise whether, in view of coming to the Speakership, remaining in the House, or the deeply-lamented and sincerely-honored Stephen M. White and Senator Perkins of California, and Hon. F. G. Newlands, at the national capital.

CUTICURA SOAP

And light dressings of Cuticura, purport of emollient skin cures. This treatment at once stops falling hair, removes crusts, scales and dandruff, soothes irritated, itching surfaces, stimulates the hair follicles, applies the roots with energy and nourishment, and makes the hair grow upon a sweet, wholesome, healthy scalp when all else fails.

Millions use Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff and the stopping of falling hair, for softening, whitening, and soothing red, rough and sore hands, for baby rashes, itching and chafing, and for all the purposes of the toilet, bath and nursery. Millions of women use Cuticura Soap in the form of baths for annoying irritations, inflammations and excoriations, for the free or offensive perspiration, for the cure of washes for ulcerative weaknesses, and for many antiseptic purposes which readily suggest themselves to women and mothers.

Cuticura Soap combines delicate emollient properties derived from Cuticura, the great skin cure, with the purest of cleansing ingredients, and the most refreshing of flower odors. It combines in one soap, at one price, the best skin and complexion soap and the best toilet, bath and baby soap in the world.

Weakness and Its Cause.

Nearly every man suffering from so-called vital weakness has a curable cause which is at the bottom of the trouble. The main causes are stricture, varicocele, enlarged prostate, results of abuse and excesses, badly treated disorders, etc., which obstruct the functional centers. When a man applies to me suffering from weakness I find and remove the cause, give immediate relief and effect a speedy cure.

Varicocele. Proofs of Cure.

One man in every four has varicocele. Varicocele slowly and surely destroys the vital function. It debilitates the nervous system, causes weary feeling and weakness, diminishes vital power and commonly results in a general tired feeling. I can guarantee a permanent cure in every case. I have the unsolicited consent of any number of prominent Los Angeles men, whom I have cured of varicocele, to send prospective patients to them for reference as to my ability. I am the only specialist in Southern California who can furnish this indisputable proof.
